– SUCCESS STORIES –

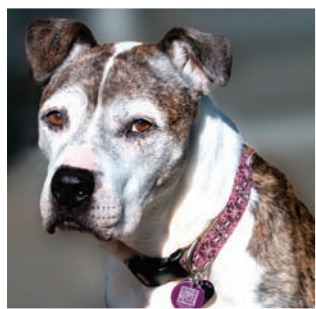

“Aalla made it home safe and sound thanks to PetHub! Thanks to wonderful and kind people and the tag, we were able to seamlessly track our dog around the city and have a way to communicate with the person that presently had her. At no time did we have to stress or worry about her :)

The work of finding her was done before we ever knew she was gone!”

“I didn’t expect to see an email from PetHub during my work day, but there it was. Tempe’s tag had been scanned. Just as I was clicking on the map in the email to see where Tempe was, the phone rang. It was PetHub who patched me through to the nice woman who had found Tempe.

I never had the chance to worry...because before I knew she was lost, PetHub had already found her!”

“Pet Hub is awesome. Our pup ‘Maggie’ decided to go on an adventure independent of us. Within 20 minutes I received an email that Maggie was found and then a phone call from [PetHub].

I can’t believe how great this program works. Thank you, thank you, thank you.”
